

FIYEL LEVENT ARCH '03 & ANNE ROMME ARCH '05 TUESDAY, APRIL 7 | 12:00 NOON

Fiyel Levent and Anne Romme will present both individual and collaborative works.

Fiyel Levent holds a Master of Fine Arts in Creative Writing and Literature from The University of Edinburgh, Scotland and Anne Romme received a Master of Architecture from Princeton University.

Upon graduation, both Levent and Romme have worked for professional architects and only recently have they begun an independent collaborative relationship. Many of their projects stem from interests and research that began in college and have developed in multifaceted ways.

They will discuss pursuing a career in architecture through many paths: obtaining one's license, applying for grants and competitions, and sustaining one's self through design work on many scales.
